

THE FROG PRINCE

The story of The Frog Prince is a common one. Often people do not want to be who they are. Wouldn't you really rather be a Prince or a Princess living in a castle with lots of toys and jewelry and servants? The same might be true for a real Princess. She might be bored. She might be certain that life down in the village was more interesting than her own life. Instead of the Frog becoming a Prince, what would happen if the Princess became The Frog Princess?

Challenge: Present the story of an ordinary Princess who becomes The Frog Princess.

Time: Part One: You will have 3 minutes write a funny skit about what might happen if a Princess is transformed into a Frog.

Part Two: You will have 1 minute to perform your solution for the appraisers.

Materials: a sheet of paper and a pencil (for planning your solution only)

Scoring: up to 10 points if the skit has a beginning, a middle and an end
up to 35 points for the creativity of transformation of the princess
up to 30 points for the humor of the story
up to 25 points for the participation of the whole team in the solution
5 point deduction if the team argues about the "true" version of the story instead of working on the solution to the challenge
